SUMMARY

Aspiring Software Engineer and 2nd-year B.Tech student specializing in **AI/ML** and **Data Science**, with experience in **Python, Java, JDBC, and MySQL** and learning **Spring Boot**. Strong in **Data Structures & Algorithms** and problem-solving, with hands-on projects.

EDUCATION

B.Tech in Computer Science & Engineering <i>ABES Engineering College, Ghaziabad</i>	2024 – 2028 <i>CGPA: 7.9</i>
---	--

Avg. of 1st Sem: 8.05, 2nd Sem: 8.09 & 3rd Sem: 7.56

Class XII (CBSE) <i>Sardar Patel School, Hamirpur</i>	74.6%
---	--------------

Class X (CBSE) <i>Sahu International School, Kabrai</i>	84%
---	------------

TECHNICAL SKILLS

Languages: Python, C, C++, Java, JavaScript

Libraries/Frameworks: NumPy, Pandas, Matplotlib, Tkinter, Spring Boot (learning)

Web Technologies: HTML5, CSS3, JavaScript

Core Fundamentals: Data Structures & Algorithms (DSA), Web Development

PROJECTS

Banking System (Java – JDBC) | [Project Link](#)

- Built a banking application using **Java, JDBC, and MySQL** with secure **PIN-based authentication** and core transaction features.
- Ensured security using **PreparedStatement** and maintained consistency with transaction management (commit/rollback).

Hospital Management System (Java – JDBC) | [Project Link](#)

- Built a console-based system using **Java, JDBC, MySQL** for managing patients, doctors, and appointments.
- Used **PreparedStatement** for secure CRUD operations and efficient database interaction.

Simple Book Store Application | Spring Boot | [Link](#)

- Built a basic Book Store application using Spring Boot, beans, repository, controller, service, etc.
- Implemented CRUD functionalities for adding, viewing, updating, and deleting books.

E-Commerce Website (Mini Project)

- **Collaborated** in a 3-member team to design and develop a responsive front-end for a mini e-commerce platform.
- **Developed** core features including product browsing and dynamic cart functionality using **HTML5, CSS3, and JavaScript**.
- **Ensured** a seamless user experience by implementing mobile-first responsive design and cross-browser compatibility.

ACHIEVEMENTS / HOBBIES

- Participated in **Google GenAI**, gaining exposure to generative AI technologies.
- Applied problem-solving skills in developing projects using Java and database technologies.
- Interested in problem-solving and exploring new technologies.
